DETAILED ACTION

Response to Arguments

1. Applicant's arguments with respect to claims 1-16 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 112

2. Claims 1-16 rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. Claims 1, 11, 13, and 16 include the limitation "wherein said roaming agreement information is transferred independently of messages linked to calls or user equipments". In the specification the roaming agreement is common to a subset of the international mobile subscriber identity, which includes the MCC, MNC, and the MSIN, which is the mobile subscriber identification number (see pg 10. lines 25-33 pg. 11 lines 1-10 of applicants specification). It is understood that the roaming agreement is common to a subset of the IMSI, particularly including the MCC and MNC, however, the inclusion of the subset from the IMSI provides a link to user equipment. To one of ordinary skill in the art a link to user equipment occurs when the roaming agreement becomes common to a subset of the IMSI, which contains the subscriber identification number, which in turn belongs to the user equipment.

Conclusion

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
